| 5. Safe Work Load                              | 230kg                                                                   |
| 6. Max. Platform Height                        | 38.1m                                                                   |
| 7. Max. Platform Reach                         | 19.25m                                                                  |
| 8. Max. Hydraulic Pressure                     | 340bar                                                                  |
| 9. Max. Creep over 10 min. with Safe Work Load | 12mm                                                                    |
| 10. Proof Test Load (Static)                   | 680kg                                                                   |
| 11. Kerb Weight                                | 20108kg                                                                 |

**Declaration:**

We certify that on 04 June 2015 the above machine was tested and thoroughly examined and found to be free from any obvious defects.

Business Address: JLG Industries, Inc., 1 JLG Drive, McConnellsburg, PA 17233-9533

Name of Examiner: **Tyler Stallman**

Qualification: **Quality Assurance Technician**

Signed on Behalf of JLG Industries, Inc.:

A handwritten signature in black ink, appearing to read 'John L. Hudock', is written over a horizontal line.

John L Hudock,  
Director of Quality Control

**Note:**

No machine should be used unless within one year it has been tested and thoroughly examined by a competent person and a certificate of that test has been issued.

No machine should be used after a substantial alteration or repair unless it has been tested and thoroughly examined and a certificate of that test has been obtained.
