### Result of Examination:

The above mentioned equipment has been found satisfactory at the time of inspection and is considered to be safe for further use, subject to continuous maintenance being applied and qualified operator being employed.

This is to certify that the Competent Person did attend at the said premises on said date to witness proof load test and/or to carry out thorough examination of the equipment described herein and that all particulars described above were correct at the time of examination. This Certificate becomes void in case of any major repair, modification and/or alteration being un-authorized by issuer of hereof.

|                                                                          |                                                 |
|--------------------------------------------------------------------------|-------------------------------------------------|
| Next Proof Load Test Due: 22/01/2030 or After Major Repair/Modifications | Next Inspection Due is on or before: 22/04/2025 |

The technical conclusions thus expressed may have to be reconsidered in light of any modifications or alterations that would invalidate the data shown in the present certificate. These conclusions would become null & void should Bureau Veritas not be kept informed of such modifications or alterations with specific reference to the present certificate.

Any person not a party to the contract pursuant to which this document is delivered may not assert a claim against Bureau Veritas for any liability arising out of errors or omissions which may be contained in said document, or for errors of judgement, fault or negligence committed by the personnel of the Society or of its Agents in the establishment or issuance of this document, and in connection with any activities for which it may provide.

This is NOT an indication that the item(s) is (are) fit for any specific purpose and does not release the manufacture, supplier and any party from their respective duty, guarantee, obligation and/or indemnity relating to, without limitation patents, workmanship, materials, safety, performance in operation and/or reliability.

### CHECKLIST OF TEST & THOROUGH EXAMINATION OF MOBILE CRANE

| Cert. No.: 1827384                      |                | Date of Examination: 23/01/2025 |
|-----------------------------------------|----------------|---------------------------------|
| SECTION                                 | CONDITION      | REMARKS                         |
| <b>1. ACCESS</b>                        |                |                                 |
| 1.1 Access to the cabin/control station | Satisfactory   |                                 |
| 1.2 Access for maintenance operation    | Satisfactory   |                                 |
| <b>2. CHASSIS</b>                       |                |                                 |
