This is to certify that the above **BOOM SUPPORTED ELEVATING WORK PLATFORM** was tested and thoroughly examined and no defect affecting its safe use was found at the time of inspection. The equipment is **safe to operate** up to its SWL and for its intended use within the design limits specified, provided there is continuous maintenance applied and a qualified operator is employed. This document is valid until the date of next inspection or the date of expiry of thorough examination or the date from which any major repair / alteration is done to the equipment; whichever occurs earlier.

Inspected by: Waseem N. Rakhang
