| 1. Name & Address of Corporation               | JLG INDUSTRIES, INC.<br>1 JLG Drive<br>McConnellsburg, PA<br>17233-9533 |
| 2. Model                                       | 600AJ                                                                   |
| 3. Serial Number                               | 0300237208                                                              |
| 4. Date of Test                                | 21 September 2017                                                       |
| 5. Safe Work Load                              | 230kg                                                                   |
| 6. Max. Platform Height                        | 18.47m                                                                  |
| 7. Max. Platform Reach                         | 12.12m                                                                  |
| 8. Max. Hydraulic Pressure                     | 310bar                                                                  |
| 9. Max. Creep over 10 min. with Safe Work Load | 45mm                                                                    |
| 10. Proof Test Load (Static)                   | 345kg                                                                   |
| 11. Kerb Weight                                | 10762kg                                                                 |

**Declaration:**

We certify that on 21 September 2017 the above machine was tested and thoroughly examined and found to be free from any obvious defects.

Business Address: JLG Industries, Inc., 560 Walnut Bottom Road, Shippensburg, PA 17257-9697

Name of Examiner: **Darry Chilcote**

Qualification: **Tester**

Signed on Behalf of JLG Industries, Inc.:

A handwritten signature in black ink, appearing to read 'John L. Hudock', is written over a horizontal line.

John L. Hudock,  
Director of Quality Control

**Note:**

No machine should be used unless within one year it has been tested and thoroughly examined by a competent person and a certificate of that test has been issued.

No machine should be used after a substantial alteration or repair unless it has been tested and thoroughly examined and a certificate of that test has been obtained.
